

BACHEM

OLIGO THERAPEUTICS

INNOVATION THAT
TRANSFORMS LIVES

The image is a full-page advertisement for BACHEM Oligo Therapeutics. It features a vibrant, monochromatic pink color scheme. The background shows a young girl in a helmet riding a bicycle on a wooden boardwalk, with an older man leaning in to assist her. In the background, two people in white lab coats are sitting on a bench, suggesting a medical or research setting. The text is bold and white, standing out against the pink background.

WELCOME TO THE FUTURE

The potential of oligonucleotide-based drugs is finally receiving the focus it deserves. You can count on Bachem to bring a new level of innovation to help transforming the lives of our customers and ultimately of patients.

Innovative manufacturing solutions for oligonucleotides

- Large-scale synthesis
- Cleavage & Deprotection
- Chromatography & Lyophilization
- Conjugation of modalities

Available equipment

- Large-scale synthesizers
- Large-scale tank farm
- Large-scale equipment for downstream processes

FROM DEVELOPMENT TO COMMERCIALIZATION

Our services for Oligonucleotides

- Full range of Chemistry, Manufacturing, and Control (CMC) development services
- GMP manufacturing from preclinical to commercial scale
- Full package of in-house analytical capabilities
- Regulatory support for IND and NDA applications
- Experienced and dedicated Project Management

Combining innovation with over 50 years of customer-centric excellence

- Decades of experience in development and commercialization of peptide APIs
- Strong background in upstream and downstream processing technologies transferable from peptides to oligonucleotides
- Constantly innovating to leverage scalability and sustainability of oligonucleotide manufacturing

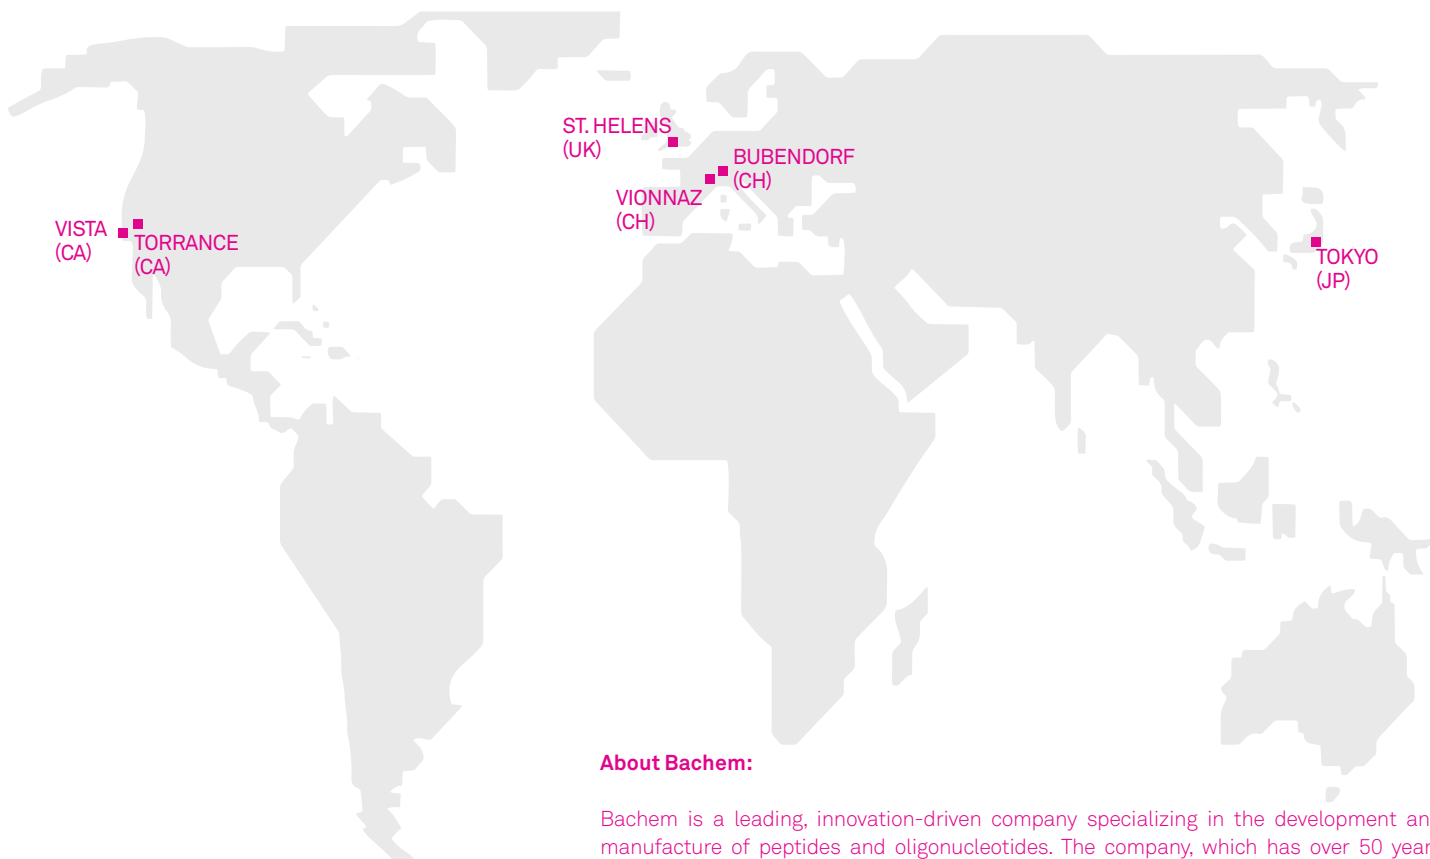

YOUR TRUSTED PARTNER FOR HIGH-QUALITY OLIGONUCLEOTIDES

BACHEM

GLOBAL BUSINESS

Bachem facilities are located in Switzerland, the EU, and in the USA. All cGMP manufacturing sites are inspected by the US-FDA and national authorities.

About Bachem:

Bachem is a leading, innovation-driven company specializing in the development and manufacture of peptides and oligonucleotides. The company, which has over 50 years of experience and expertise, provides products for research, clinical development, and commercial application to pharmaceutical and biotechnology companies worldwide and offers a comprehensive range of services. Bachem operates internationally with headquarters in Switzerland and locations in Europe, the US and Asia. The company is listed on the SIX Swiss Exchange. For further information, see www.bachem.com.
