

ICOcap

Capsule-based dry-powder inhaler

ICOcap is an easy-to-use inhaler for asthma and COPD (Chronic Obstructive Pulmonary Disease) treatment. ICOcap is designed to perform as good as established inhalers on the market, including improved handling features. Along with the device, we offer formulation development support by our partner Iconovo. ICOcap is part of the Stevanato Group's drug delivery portfolio.

- Patented One-Piece-Design: Cap remains attached when open
- Support in formulation development by our partner Iconovo
- Optimized size, easy handling
- CE marked
